This training is for MFFTC state certified fire instructors and MFFTC NFPA 1 Fire Instructors that have a passion for teaching firefighting safety and changing of the culture of firefighter training and the ultimate goal of bringing everyone home safe!

This provocative and moving presentation is designed to change the culture of accepting the loss of firefighters as a normal occurrence. Building on the untold story of LODD survivors, it reveals how family members must live with the consequences of a firefighter death and provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that "Everyone Goes Home" at the end of the day.

Courage to Be Safe® consists of a PowerPoint presentation, as well as an instructor guide and sample handout materials. The Training Program includes embedded video clips of fire service leaders and excerpts of the emotional presentation made at FDIC-2005 by Reverend Bevon Smith, father of Paul Smith, a firefighter who in died in the line of duty in 1989.

This program is a must see for all who care, share, and have a feeling for the safety of all firefighters.
